

BLM Academy

Padampur Devaliya, Gora Parao, Haldwani (NTL)

Ph. No. 05946 - 210831, Mob.: 7520068217

BLM is the best school of Haldwani for following reasons:

- Here in BLM Academy besides Academic Excellence we focus on development of moral, ethical and national values in children.
- We explain thoughts of Swami Vivekananda on Love for the Nation & Spirituality, thoughts of Mahatma Gandhi on Truth & Non-Violence and thoughts of A.P.J. Abdul Kalam on Science & Technology & Social Upliftment.
- The pledge that the students take, is written by A.P.J. Abdul Kalam.

We make children aware of preachings of Swami Vivekananda in assembly.

- For Spiritual development the students declare everyday in the morning assembly, "I am a great soul" "I am a peaceful soul" & "I am a Spiritual Child".
- The students slogan "Truth always Triumphs" in assembly.
- To develop thinking skill we keep on asking brain storming questions, like a question asked was "Why population of Human Being is increasing but not of animals?"
- Riddles are asked to the student in the assembly to develop logic & reasoning.

Prizes are given for correct answers.

- Every alternate day, G.K. quiz is asked to the students in assembly and prizes are given to them.
- Prizes are also given to the students if the help of paper is not taken to present a programme in assembly.

1. A fable with moral lesson is told to the students in English, in assembly by me only.
2. Under the program "Ideal of the week" we have conveyed all the information about the great leaders & revolutionaries (like Gandhiji, Dr. B.R. Ambedkar, Subhash Chandra Bose, Sardar Ballabh Bhai Patel, Shaheed Bhagat Singh, Chandra Shekhar Azad, Udham Singh, Shivram Hari Rajguru, Mangal Pandey & Jatin Das) to the students in assembly so that they can be proud of their country and national feelings can be developed in them.

All the Programme are presented in English.

- Utmost importance is given to each child in our school. Even the small achievements of the students are acknowledged in the assembly and suitable prizes are given.
- Love is not given, it is showered upon the students. The aim behind is to make them confident & proud of themselves and that's why a positive change in their attitude & personality is being noticed & it has been acknowledged by many of the parents, which is again uncommon in schools.

Isn't it a big achievement for BLM Academy?

- The school published its maiden issue of magazine 'Ascent' in first session with 174 students to develop creative thinking. No school could have done this.
- Besides, scientific experiments are shown to students every Saturday for classes 1st to class-V to develop scientific temperament.
- BLM is the only school where only 35 students are in one section.
- Apart from it, the school provides all the amenities of an ideal & modern school. Indeed you are fortunate that your child is a student of BLM Academy.

We strive to establish deep foundation of our school on high ideals. We need your support & Co-operation.

Mrs. Rajni Kanta Bisht

Principal,

BLM Academy
