Summer Holidays Homework

Dear Parents

Summer holidays are about to start.

- It's time for fun n frolic for the kids. While fun is essential to their age, constructive activities & fruitful occupation of their time is of vital importance. It paves the way towards a bright future for the child and a progressive learning graph.
- Free playtime should alternate with structured games-this cultivates sportsmanship.
- Assign a permanent workplace and a work time. This brings in a system and discipline into the child's life.
- Inculcate good manners, healthy habits and respect for elders.
- Never ever compare or hurt their pride, as it will stunt their confidence.

We are giving a short assignment for the vacation. We have tried to make the work enjoyable, keeping in mind their interest. Space out the work & the child will enjoy doing it.

Wishing all of you a very enjoyable and fun-packed summer break.

Best wishes

My family is special
Your family is too,
Mothers and fathers
And sisters and brothers,
Grandmas and grandpas
And so many others,
Our family is big
While another is small,
When we are together
Or far, far apart,
The people I love
Have a place in my heart.

FAMILY TIME!!

- Make a Family Tree and paste pictures in your scrap book.

- Your body is a brilliant machine with many important parts. It is more than what you see when you look in the mirror- there are different parts that have different jobs, but each part works together so that you can sleep, eat, sit in class and play with your friends. Your body is a pretty amazing thing! While there is a lot happening on the outside that you can see, there is even more happening inside our body. In your scrapbook show the external parts of the body. You can paste pictures. Write the names and functions of each body part.

Art & Craft:

- Make a 'Family Wall Hanging' using waste material like tree twig, string, ice-cream sticks etc.

Enjoy your holidays spending quality times with your near and dear ones and devote sometimes to learn new things.
