SESSION 2020-21

SUMMER HOLIDAY HOMEWORK
CLASS: XII Commerce

Dear Parents

Summer holidays are about to start.

- It's time for fun and frolic for the children. While fun is essential for all ages of students, but it's vital to indulge in constructive activities & fruitful work as their time is of crucial importance. It paves the path towards a bright future as it boosts the progressive learning graph. Free playtime should alternate with structured games-this cultivates sportsmanship.
- Assign a permanent workplace and work time. It brings in a system and discipline into the child's life.
- Emphasis on good manners, healthy habits and respect for elders.
- Never compare or insult them as it undermines their confidence.

We are giving an integrated art assignment for the vacation this time. We have tried our level best to make the work enjoyable, keeping in mind the students' interest and enhancing creativity.

Wishing all of you a delightful and fun-packed summer break!

Best wishes

Mrs Gayatri Kanwar

Principal

HOLIDAY HOMEWORK ARE BASED ON ART INTEGRATED PROJECTS

Instructions: You have to do Holiday Homework in Scrapbook or in A4 sheets or project file. Please note that these assignments will be evaluated for subject enrichment of Term 1. Every Assignment carries 10 marks.

THEME: ECONOMIC CRISIS

ACCOUNTANCY:

Topic : Economic Crisis & Accounting In India.

Complete your project as per the given guidelines:

| | |
|-------------------|---|

| Step IV | On basis of your study and observations state various measures that can be used to lower the impact of economic crisis in the state of Uttarakhand and Kerala. |

ECONOMICS :

Topic : Economic crises-problem of unemployment and income generation for middle class

- **What are the crises faced by middle class segment (especially small traders and private employees) due to covid 19?**
- **Explain the steps taken by government to overcome the problem.**

ENGLISH :

The whole world is facing economic crisis. Write an article in 150-200 words on “Economic Crisis”.

Hints: Stock market crashed

Many lost jobs

Industries closed

First Great Depression in 1930

Corona Virus worst crisis

OPTIONAL SUBJECTS:

PHYSICAL EDUCATION

Prepare a record file

**Procedure for Asanas, Benefits and
Contraindications**

for any two Asanas for each Lifestyle disease.

(According to syllabus)

Note- above project include in your practical examination

MUSIC :

**MAKE A PRACTICAL FILE BASED ON FOLLOWING RAAGS AND
TAALS**

RAAGS

- {1} BHAIRAV**
- {2} MALKAUNS**
- {3} BAGESHREE**
- {4} SHUDDHA SARANG**

TAALS

- {1} JHAPTAAL**
- {2} RUPAK**
- {3} DHAMAAR**
- {4} AARACHAR TAAL**

PAINTING :

Theory : Unit 3 - Sculpture

- 1. Triumph of labour**
- 2. Santhal family**
- 3. Cries Unheard**
- 4. Ganesha**
- 5. Chaturmukhi**

Practical Work :

- 1. Five 2D work**
 - 2. Five drawings (Objects)**
 - 3. Two still life**
 - 4. Two compositions**
-

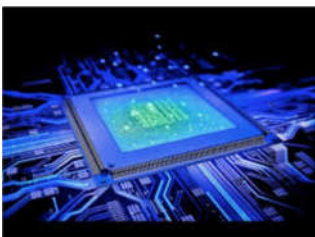

INFORMATICS PRACTICES

- 1. Revise the chapter MySQL and SQL**
 - 2. Complete the given assignment in notebook.**
-

COMPUTER SCIENCE

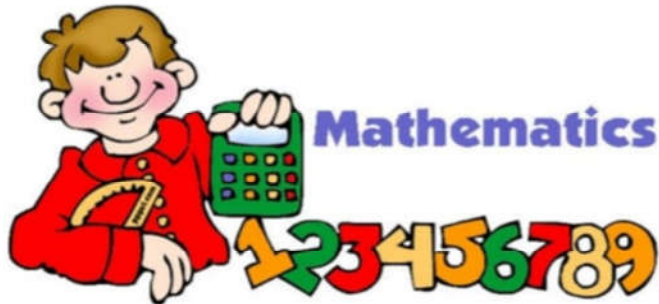

- 1. Go through the lectures/ Videos / PPT of chapter Functions in Python.**
 - 2. Learn and revise the topics.**
 - 3. Complete the given assignment in notebook.**
-

MATHEMATICS: It consists of two parts: Part A and Part B

Part A

Give any Two applications of the following chapters in daily life.

1. Sets, Relations and Functions
2. Inverse Trigonometric Functions
3. Matrices
4. Determinants

Part B

Directions: For this project, you will explore the economic status of your country by a political survey through contacting peoples in different cities. Complete the task using the help of following steps.

| Cities to be contacted | Method of contact | | |
|------------------------|-------------------|-----------|--------|
| | Telephone | Housecall | Letter |
| X | 15000 | 500 | 10000 |
| Y | 25000 | 1000 | 35000 |
| Z | 35000 | 4000 | 25000 |

| Method of contact | Cost per contact in Rs |
|-------------------|------------------------|
| Telephone | 0.40 |
| Housecall | 0.90 |
| Letter | 0.50 |

Step 1: Form a 3×3 matrix and a 3×1 matrix out of the data given above.

Step 2: Find the cost of contacting peoples for the different cities by matrix multiplication.

Step 3: Observe the differences and the components involved in these calculations to answer certain questions.

Step 4: Answer the following on the basis of your observation in step three.

- (a) Which city has the highest contacting expenditure and why?
- (b) According to you which type of contacting method is economical?
- (c) If there is an economic crisis which sector out of these three will generate more revenue?
- (d) Form an economical example of your own to represent matrix multiplication?

Have a wonderful and joyous summer holidays with your loved ones. Utilize this time wisely. Make best use of this holiday season. Stay healthy and enjoy!

Shantanu Bishnoi
(Administrative Officer Senior Wing)
