## Summer Holidays Homework

Dear Parents

Summer holidays are about to start.

- It's time for fun n frolic for the kids. While fun is essential to their age, constructive activities & fruitful occupation of their time is of vital importance. It paves the way towards a bright future for the child and a progressive learning graph.
- Free playtime should alternate with structured games-this cultivates sportsmanship.
- Assign a permanent workplace and a work time. This brings in a system and discipline into the child's life.
- Inculcate good manners, healthy habits and respect for elders.
- Never ever compare or hurt their pride, as it will stunt their confidence.

We are giving a short assignment for the vacation. We have tried to make the work enjoyable, keeping in mind their interest. Space out the work & the child will enjoy doing it.

Wishing all of you a very enjoyable and fun-packed summer break.

Best wishes
