Dear Parents

Warm greetings!

As a parent, it is essential to invest your time with your little ones. We are sharing some tips for you to make these vacations a fruitful and happy.

- Have at least two meals together with your children. Teach them not to waste their food.
- Allow them to help you in serving, laying the table and wash their plates after every meal.
- Spend time with the elders or grandparents and let your children bond with them. Their love and emotional support are essential for your child.
- You can share stories about your childhood and your family history, encourage them to learn four-five new words daily in English.
- During the holidays, let your child explore the magical world of books. Read stories for your child and encourage him/her to read storybooks.
- Colouring fosters a creative spirit hence get some storybooks or colouring books for your kids.
- Television leaves a tremendous impact on a child, especially on a very young mind. Fixing TV hours and selecting only informative, an educational programme will help your child to grow in the right direction.
- Converse with your child in English, and it will help them develop confidence in its usage. Also ensure that all members of the family use appropriate language at home as children pick up a style very quickly.
- Try avoiding chocolates, jellies, cream cakes, chips, cold drinks and too many bakery products and fried items and encourage your child to play games and have some physical activities.

Wishing you all a relaxing, rejuvenating and delightful vacations!

Best Wishes

Mrs Gayatri Kanwar
Principal
