

Message from the Principal

Dear Parents

As the summer break is going to begin soon, I would request all the parents to make ensure that the children have a good time in the vacation. At home children should inculcate a habit of reading every day, be it the newspaper, novel or storybook.

The new session started with a lot of enthusiasm and vigour. We had excellent moments of celebrations, quality lessons in classrooms, learning experiences with activities, a bagless day and fun.

It was a pleasure to see the confidence of the students grow through active participation. I hope you all have a good plan to relax and spend the summer holidays with your family and friends.

Hope to see the students back with the same vigour and more excitement for the next half of the term.

Happy Holidays!

Regards

Principal
